- Maximum size of 9 m²
- Maximum height of 2.1 m
- Minimum floor area of 0.37 m² for each hen
- Minimum outdoor enclosure area of 0.92 m² for each hen

Hen Registration – Trial Program

Hen Coop Construction

- Hen coops shall be constructed to:
 - prevent the entry of rodents and predators;
 - contain lockable roofs and doors;
 - provide flooring that is resistant to moisture and mold, is lined with shavings, straw, or other appropriate materials to absorb manure and facilitate cleaning;
 - provide a perch area sufficient to accommodate all hens;
 - provide a nest box and an accessible dust bath area

Hen Registration – Trial Program

Hen Coop General Requirements

- Maintain hen coop in a clean condition at all times, to prevent obnoxious odours and vermin
- Remove feces daily from hen coop and deposit in a secured waste receptacle or composter
- Waste receptacles or composters shall be stored in the rear yard at least 3m from any lot line and emptied regularly
- Hens shall be kept in a fully enclosed hen coop at all times
- Hen coop roof and door is to be locked between 9 pm and 6 am

Hen Registration – Trial Program

General Requirements

- Hens shall be fed in a manner to minimize the attraction of rodents and other animals
- Feed shall be kept in rodent proof containers and secured at all times to prevent entry of rodents and other animals
- Sale of eggs, manure, meat or other products associated with the keeping of hens is prohibited
- Home slaughter is prohibited
- Roosters are prohibited
- Deceased hens shall be disposed of at a livestock facility, through a veterinarian or facility approved by the applicable Ministry
